RE: Case 21-RD-237218

March 3, 2020

Dear Board Members of the National Labor Relations Board. I am writing regarding case 21-RD-237218 and the Union's request for review of the decision to count the ballots. The union's request for review did not conform to the requirements of Section 102.67(e) and (I)(1) of the Board's Rules, because the union did not service the Petitioner, nor list the Petitioner in the Service list (see attachment of Union's Request for Review of Decision to Count the Ballots). The Petitioner is only listed in the Proof of Service. Byron Andrus from the National Right to Work Legal Defense Foundation, Inc. is listed in the Service List. Byron Andrus is not representing the Petitioner, Noreen Limbo, nor is Byron from the NRTWF listed on the case Docket.

Therefore, I the Petitioner Noreen Limbo, request to deny the Union's request for review.

Sincerely,

Noreen Limbo, an Individual, the Petitioner.
